EXPERIENCE

Digital Designer
Well.ca (Apr. 2022 - Present)

Designing emails and web pages for brands and marketing campaigns. Contributing coding knowledge through updating the website to be AODA Level AA compliant.

Web Developer
Ontario Government (Oct. 2021 - Apr. 2022)

Troubleshot and developed the frontend of the intranet site in collaboration with other developers using version control like Azure and Gitlab. Used HTML, SCSS, JavaScript, jQuery and PHP.

Web Designer
InterVarsity Canada (Jun. 2018 - Oct. 2021)

Ensured the best website quality and user experience, and maintaining multiple Wordpress websites by posting content, building pages, troubleshooting, following accessibility principles and front-end coding.

Web Content Coordinator
Humber College (Mar. 2021 - May 2021)

Designed and developed a website in order to support the ongoing affordable housing project. Researched for the best UX practices and finding ways to implement them in the development process while being compliant to the accessibility guidelines.

Designer
Scoop (Apr. 2019 - Nov. 2019)

Designed web and mobile app UIs, posters, and made motion graphics.

Production Assistant
Arirang Korea TV (May 2016 - Aug. 2017)

Operated cameras, edited, made motion graphics, storyboards and scripts.

Junior Design Intern
7C Laboratories (Jan. 2017 - Mar. 2017)

Design web UIs, prototypes and motion graphics.
